As you put your experience with the emergency responders into words, think about how things would be different if our emergency responders were not there for us to call on.

Did their quick response save a life, save the property from extensive damage, prevent injury or property damage? Did their presence/experience bring calm to the situation and put tenant minds at ease? Provide details of what happened, how they handled the situation upon arrival, took control/managed the situation, and the final outcome you experienced. Feel free to use an additional page if needed.
